TO ENTER:

1.1. – Interested players may enter in person the day of the event, or online for some events. Interested players may visit www.LoneStarPark.com/Handicapping-Tournaments for more information specific to each tournament. Limit two entries per person for all Live Money-format tournaments. Entries may be capped in tournaments; details for each tournament can be found online.

1.2. All players must be at least twenty-one (21) years of age on or before the day of the tournament.

1.3. Players are required to fund their own “live” bankroll. Deadline for funding via check is four days prior to event. Deadline for funding via cash is day of contest. The bankroll amount for live money tournaments vary, and will be posted online. The bankroll belongs to the player, and any monies (winnings or leftover funds) can be withdrawn by the player once it has been deemed by officials “okay” to withdrawal; usually within 15 minutes after final contest race has gone official. The player’s bankroll cannot be funded via credit card; only cash, check or money order will be accepted.

2. HOW TO PLAY:

2.1. The tournament will begin with an “early race period”, which consists of wagering at least the amount of your starting bankroll on your choice of race(s) from the designated list of eligible races. No specific races will be mandatory during the “early race period”. Participants are required to wager at least a minimum of their starting bankroll during the “early race period” and may continue to wager with winnings beyond that. Failure to wager at least the amount of their starting bankroll during the “early race period” will result in a disqualification in the tournament. Eligible wager types include Win, Place, Show, and Exacta wagers (no multi-race, trifecta, superfecta or super hi-five wagers are eligible). After the “early race period” has concluded, the tournament will then progress into a “late race period”. The “late race period” will consist of all players required to wager a total of at least half (50% or more) of their current bankroll balance, established at the conclusion of the “early race period”, during the “late race period”. If a player’s bankroll is below the amount of the initial starting bankroll amount, then they must wager at least half (50% or more) of the initial starting bankroll amount or “all in” during the “late race period”. The “late race period” will be races designated by Lone Star Park officials. No specific races will be mandatory during the “late race period”. There is no cap placed on mutuel payouts. If a race is cancelled for any reason, tournament officials have the option to select an alternate race. The player with the largest bankroll balance after the final race will be declared the winner of the tournament. Balances can be withdrawn by the player once it has been deemed by officials “okay” to withdrawal; usually within 15 minutes after final contest race has gone official.

7. All mutuels for this tournament will be verified by the Tote system. In all cases, the official mutuel payouts according to the Lone Star Park at Grand Prairie Tote system will be considered official and final.

8. SCRATCHES: If a horse is scratched after a wager is placed, it is the player’s responsibility to change his or her selection prior to the start of the race. If a wager is not cancelled and the race goes off, the player will collect a refund or partial refund if applicable. A player may revise or cancel a bet at any time prior to the post time of that race. A scratch will not exempt a player from wagering the required amounts.

9. In the event a player does not make the required wagers, wagers on any ineligible race(s), places any ineligible wager type, or does not wager enough, they will be disqualified from the tournament. A player may cancel any “mistake wagers” without penalty. A “Clean” Score Card is required to win any prizes.

(2) In the event of a further tie, the player with the highest single mutuel payout will be declared the winner. (3) In the event of a further tie, the player with the next highest single mutuel payout will be declared the winner. Should a tie still exist after all tie-breaking methods are exhausted, prize money shall be divided equally. In the event of a tie involving places with NHC seats, the tie shall be decided by coin flip after above methods have been exhausted.

13. All players are responsible for ensuring each wager is placed correctly. Please follow the instructions in these official rules.
